- Compassionate Doctor Recognition Award
- Patient's Choice Award
- Louis J. Levy Resident Research Awards 2005
- Synthes Award for Outstanding Hand Fellow
- University of Texas Medical Branch Dean's List
- University of Texas at Austin Dean's List

## ***INTERESTS/HOBBIES***

---

I grew up in Fort Worth, Texas and returned to my home town to start an orthopaedic hand surgery practice. I was fortunate enough to train at the Philadelphia Hand Center (Thomas Jefferson University) arguably the best hand fellowship in the nation.

I have a wonderful wife and two boys that keep me extremely busy when I'm not working. I have a passion for the outdoors and enjoy hunting and fishing. I've taken up bow hunting in the last few years which the deer and turkey appreciate since the art has been difficult for me to master.

I love almost all sports and enjoy attending games (usually my sons), as well as, following teams on television.

I've been blessed to treat some of the athletes that I enjoy watching on television including the collegiate level, Olympic athletes, as well as, professional (NFL, MLB, NBA, PGA).
